

TOLL FREE ACCESS

When a call is placed using your Calling Card, there is no cost to access the Adventel telephone network. They can call from anywhere. There is a toll free 1-800 access number on the card that works from any location in the Canada or USA, including Yukon, Alaska, NWT and Hawaii.

NO HIDDEN COSTS

Adventel phone cards are known as "clean" calling cards. There are no connection costs or any other hidden calling costs of any kind. Everyone gets an honest value.

CELL PHONE SAVINGS

When long distance calls are placed on a cellular phone plan, the long distance rates are often very high. By using your personal RE/MAX phone card instead, you and your clients can call anywhere in Canada, USA or the world at low Adventel calling rates.

FOR EASE OF USE

To make easy calls from your cell or home phone, program the toll free access number and the PIN number into your telephone.
